

MERZ AESTHETICS ANNOUNCES KEY DATA PRESENTATIONS AT THE AMERICAN ACADEMY OF DERMATOLOGY MEETING

Data highlights overall commitment to continued development in aesthetics

RALEIGH, N.C. – MARCH 3, 2016 – BUSINESS WIRE – Merz Aesthetics, a division of Merz North America (US affiliate of the global Merz Pharma Group) announced today that it will be presenting 13 posters at the annual American Academy of Dermatology Meeting this weekend in Washington D.C. The posters present data on the full range of aesthetic offerings from Merz Aesthetics and include five instigator-initiated trials.

“The 13 posters being presented by key aesthetic physicians at the AAD meeting are further proof of our company’s continued commitment to clinical excellence in support of the growth of the aesthetic space,” Bill Humphries President and Chief Executive Officer of Merz North America, said. “We’re proud to share our findings with the dermatology community this weekend and to continue discussions around our robust portfolio offering in aesthetics.”

The posters include:

1. [3933] A Multicentre Retrospective Chart Review of Patients Converted From OnabotulinumtoxinA to IncobotulinumtoxinA for Aesthetic Treatments to Evaluate Injection Intervals and Doses Used; E-Poster Presentation Center 1 - 3/4/2016 11:20 AM until 11:25 AM, Presenter: Alfred Balbul; Private Practice; Montreal, Canada
