The provision of the above services pursuant to this Service Contract is subject to the following terms and conditions: (1) this Service Contract is personal to Customer, and is non-transferrable; (2) the Service Contract applies only to Components provided with Cellfina Systems which are owned and operated in the United States; (3) the Cellfina System (including all Components) must be operated at all times in accordance with the applicable Specifications; and (4) Customer must notify Merz of any Service Contract-covered event promptly upon the occurrence of the event. The Cellfina System is comprised of integrated pieces of sensitive, calibrated, electronic, plastic and metal parts and can be easily damaged if not handled carefully. Causing the Components (or any other part of the Cellfina System) to come in contact with foreign substances or foreign objects can cause irreparable damage, which events are not covered by this Service Contract. Merz is the only authorized provider of the Equipment and disposables. Equipment and disposables must be operated under the direction of a physician, in accordance with the Instructions for Use and Customer’s applicable state medical regulations. **Merz prohibits the re-sale or rental of Equipment or disposables**, regardless of whether such products are new or used, or are sold within or outside the United States. **Sale or transfer of Equipment or**

disposables to third parties for uses unauthorized by Merz (e.g., refurbishment, modification, etc.) is also prohibited. Customer acknowledges that refurbished products are not FDA-cleared, do not meet the strict manufacturing and quality controls of Merz, and may result in patient safety concerns. If Customer uses refurbished products, Customer assumes full liability for any adverse event that occurs. In addition, because it is unable to regulate the quality of refurbished products, Merz is required to notify the FDA of any known violations, as well as any individuals suspected of being involved in these unlawful practices. Customer hereby further acknowledges and agrees that the Equipment and disposables are covered by valuable intellectual property owned by or licensed to Merz, including one or more valid United States patents. Customer's purchase of Cellfina products shall not be construed as a grant of any other rights in or to the intellectual property covering such products. Customer acknowledges that Customer's use of Cellfina products other than those purchased directly from Merz, or unauthorized sale/transfer of Cellfina product(s) to third parties, would cause immediate, material, and irreparable harm to Merz. **In the event of any violations of this section, then, in addition to any other remedies available to Merz, Merz may refuse to sell future Cellfina products to Customer or refuse to service Cellfina Systems. Additionally, any use of Cellfina products not purchased directly from Merz will automatically void Customer's limited warranty and any applicable service contract.**
